

# Overall Planning and Structure of the Cultivation of China's Talent Reserve in Elite Sport

Mr. Wang Xuan  
Youth Sport Department  
General Administration of Sport of China

# History of the Youth Sport Training Development in China

- \* **Four periods.**
- \* **1<sup>st</sup> Period: Primary Establishment (1955-1965)**
- \* 1955 - 1<sup>ST</sup> trial of establishing 3 youth amateur sport schools in Beijing, Tianjin, and Shanghai.
- \* 1956 - All provinces, cities, and townships were requested to establish youth amateur sport schools.

# History of the Youth Sport Training Development in China

- \* 1964-The document *Youth Amateur Sport Schools Regulation* was released.
- \* 1965- **Three-level youth training network** was established: common amateur sport schools - key amateur sport schools – provincial amateur sport schools and professional youth teams.

# History of the Youth Sport Training Development in China

- \* **2nd Period: Making progress (1966 -1978)**
- \* 1972 - Amateur sport schools began to resume and make progress.

# History of the Youth Sport Training Development in China

- \* 1978 – The initiative of establishing a multilayered training network was put forward: grassroots sports teams in large and medium-sized cities – common amateur sport schools – key amateur sport schools - elite sports teams

# History of the Youth Sport Training Development in China

- \* **3rd Period: Further development of the three-level youth training network (1979 -2000)**
- \* 1981- State Physical Culture and Sport Commission (the Predecessor of the General Administration of Sport) proposed to establish schools specialized in certain sports, and improve the training quality.

# History of the Youth Sport Training Development in China

- \* 1992 – Flourish of sport schools of various kinds at different levels. The three-level youth training network was further developed.

# History of the Youth Sport Training Development in China

- \* **4th Period: Diversified development (since 2000 and up to now)**

# Prominent Features of the Current Youth Sport Training System in China

- \* Sport schools are the fundamental part of the system.
- \* The operation models of sport schools are getting more diversified.
- \* Multi-sport events serve as the main support for the system.
- \* Diversified development patterns emerge.

# Major Tasks Completed in Recent years

- \* Enhance the top-level planning and strengthen the institutional construction.
- \* Intensify the intellectual education of athletes.
- \* Focus on the development of training bases, and regulate the operation of sport schools.
- \* Create the youth training camp of Olympic Sports.

# Major Tasks Completed in Recent years

- \* Intensify training of personnel involved in youth training work.
- \* Cultivate elite coaches.
- \* Carry out international exchanges and cooperation and host international youth Games.

**THANK YOU**
