ICSSPE Statement on Hamas Attack on Israel

ICSSPE is founded on the principles of unity and international cooperation in sport science and physical education. The organisation is sincerely committed to peace and condemns any kind of aggression and war, such as Hamas' brutal attack on Israeli civilians and hostage taking of innocent people. This violates international law and humanitarian principles.

Our thoughts and hearts are with all ICSSPE members from Israel, their families, friends and anyone else suffering from atrocities.

Dr. Uri Schaefer
The President

Patrick Stolpmann
Executive Director
