Invitation to Participate in the FISU World University Games Volunteer Program and International Online Class – July 16-27, 2025, Rhine-Ruhr Region, Germany

Dear colleagues,

Next year, the FISU World University Games will take place from July 16 to 27 2025 in the Rhine-Ruhr Region in Germany. In cooperation with ICSSPE, the Ludwigsburg University of Education (Dept. of Sport) will organize an international online class for all students interested in volunteering at the Games. This class will be led by Prof. Dr. Annette R. Hofmann.

The online class will give insight into FISU and the World University Games, as well as approach different sporting cultures around the globe and discuss common issues. Students will engage in collaborative projects in breakout rooms on small topics which they can further develop at the Games.

Each university is responsible for determining how many credits it can give to its students. The students will receive a certificate after their successful participation.

There will be no financial travel support to Germany. However, food and lodging with other volunteers at no or minimal cost as well as volunteer uniforms will be provided.

To qualify to participate in the class, a minimum of 4-7 days as a volunteer is required. Those who volunteer for a longer period might get better accommodation. Every participant must register for the class through a university representative and as an official volunteer with FISU.

If you would like to make this opportunity available to your students, please contact me by December 10, 2024.

Academic greetings,

Annette Hofmann
