

FISU WORLD CONFERENCE

29TH WINTER
UNIVERSIADE
KRASNOYARSK 2019
RUSSIAN FEDERATION

MARCH 5-7, 2019

On behalf of FISU, the International University Sports Federation, I am happy to welcome you at the FISU World Conference on Innovation-Education-Sport, which will be organised during the 2019 Winter Universiade Krasnoyarsk.

The upcoming Universiade will leave Krasnoyarsk with an important legacy of new world-class sports venues; will make the city more comfortable, modern and beautiful. In March 2019 the city will be filled with bright colors of the Universiade and the energy of thousands of student athletes from across the globe. Meanwhile, the uniqueness of the Universiade does not end with that. For many years FISU has been organising World Conferences along with the Universiades. These events bring together key representatives of the sports science and sports community to discuss the most relevant issues of university sports.

I am pleased to invite you to make your own contribution to the development of the university sports science and to take part in the FISU World Conference on Innovation-Education-Sport! See you in Krasnoyarsk!

President of the International
University Sports Federation (FISU)
Oleg Matytsin

FISU | “TODAY’S STARS, TOMORROW’S LEADERS”

INTERNATIONAL UNIVERSITY SPORTS FEDERATION

International University Sports Federation (FISU) was founded in 1949 and recognised by the International Olympic Committee in 1961.

Today FISU unites 174 National University Sports Federations and its mission is to provide access for all students to participate in physical activity while acting for the health and wellbeing of students and thereby help them to become tomorrow’s leaders.

Summer and Winter Universiades, World University Championships and World University Leagues as well as FISU World Conferences and FISU Forums are held under the auspices of FISU.

Dear guests and participants,

The FISU World Conference will take place in Krasnoyarsk from 5 to 7 March, 2019. During the Conference, young scientists will present their research in the field of scientific sports achievements, showcase athletes training technologies, discuss ideas on development of winter sports.

The participants' best innovative practices will form the basis for the sustainable development of winter sports and creation of new sports projects.

I wish you fruitful work and interesting communication!
